# 1ST GENDER AND DIVERSITY LUNCH TALK

The Gender & Diversity Lunch Talk Series is a joint initiative of all medical Collaborative Research Centers (CRCs) of Heidelberg University. In this series, you will have the opportunity to hear presentations with a focus on gender equality and diversity and to engage in an exchange with the speakers and scientists from different disciplines. The overall aim of this series is to further promote a gender-equal, diverse and inclusive environment in our organisations and research initiatives.
